GSA Guppies rec sports teams formed, activities began this week, grad students encouraged to join the roster, speak with Dana if interested.

Dana is GSA representative on committee for search for new Provost, hopefully to be completed this spring.

#### **d. Vice-President Finance – p. 32**

Met the Provost and Senior Leadership yesterday, and tuition hike has been indicated as a disappointing move this year. Organizing a Town Hall to discuss tuition. VP interested in presenting a resolution expressing the disappointment of the GSA and Graduat Student Body to communicate this, will reach out to media and campus.

Will start advocacy committee.

Audit process – process is quite slow. Lots of back-and-forth. Problem with firing auditors is going back to beginning and starting again, but open to sending out a proposal or tendor for new auditors.

Questions invited in Q & A Session.

#### **e. Vice-President Operations and Communications – p. 28**

GSA President was away, VP acted as interim president.

Has been working on the Social Club policy. It is not well defined, and Ziad has prepared a draft for submission.

Represented GSA in five meetings, has been working with conference and gala coordinators in publicity and website resources.

**f. Vice-President Academic**

Sends Regrets. No report.

**g. Vice-President Student Affairs**

Had an orientation for new members of University. This year, there was not any different orientations, but rather streamlined into a single event. ISEC Coordinated an orientation for entire university, GSA was paired with CGSR. Information bags – housing handbook, planners, newcomer information – handed out to new students at this event, along with information on GSA.

Hardi has continued advocacy for students – new initiative to survey all graduate students to identify issues students face, and how the GSA can address these issues. Survey being prepared presently, should be ready soon for conduction.

Further, has been representing students facing residence problems, and has been advocating for resolution of these issues at the University level.

**h. President – p. 31**

Has been away for a month – thanks to the GSA executive for picking up the slack and successfully managing his absence.

Reported disappointment to Adam Baxter-Jones on tuition hike, he has agreed to offer an explanation about the increase at a Town Hall where graduate students are able to posit questions.

With Jebbunnessa, looking for a way to communicate with each college on student queries and frustrations regarding the tuition hikes as well. If any councillors are interested in participating in this conversation, or hosting a session on tuition hikes within their department, let Rajat Know.

Campus Legal Services – new office, being funded by USSU, opening for legal representation and legal advice for all students – undergraduate and graduate – to obtain legal advice. Has been attending sessions, and most of the conversation focuses on academic appeals, for which this office will be able to provide legal representation. CLS is not interested in criminal law, or representation of criminal charges.

Strategies on GSA elections – how to motivate more people to stand for the elections. We have not been communicating our portfolios and what the GSA Executive does. Communication is a key component of encouraging students to participate in student politics. Potential to organize workshops to explain GSA positions, and encourage more people to run. Rajat is open to suggestions for ways to reach out to graduate students and increase participation.

**i. Q&A – not more than 10 minutes**

Question for VP Academic – “We have 29 new students, and in previous years we have held the tradition of holding an orientation. This year, we did not hear about an orientation or any social of

sorts, even within departmental councils. Why was there no social or welcoming orientation session this year open to all graduate students, for new students to meet colleagues?”

VP Response - Orientation is organized for incoming students. This year, an orientation for new students only was planned by CGSR. Orientation is intended to introduce new students to the university. A social event is a separate thing, and is open to all students. If there is a tradition of having a social in the past, it was not planned this year. Based on the needs identified by the new students and the needs of the GSA, Hardi decided not to have a welcome social. The reason is due to lack of capacity to organize a winter social this year, as it was not identified as a necessity.

Comment from President (Rajat): January 29<sup>th</sup> at 7pm is a GSA welcome social for all GSA students, and can be used as an orientation for new students to the GSA Commons and GSA Activities.

Comment from VP Operations (Ziad): the welcome back social invitations have gone out, and there will be a follow-up email inviting students to attend going out soon. Council is encouraged to invite others.

Additional comment to Dana’s Graduate Information Session report – it will be in the GSA, volunteers will be needed. All students are welcome, and volunteers will be set up at a table to present their grad school experiences. If anyone is interested in volunteering to share experiences, contact Dana. This event will help with retention rates, and will encourage active participation in the GSA activities.

## **6. Committee minutes**

- a. Executive meeting December 17, 2015 – p. 9**
- b. Executive meeting January 13, 2016 – p. 12**

Motion to receive minutes. Seconded. No discussion on these minutes. Carried.

## **7. New business**

- a. Enabling motions:**
  - i. That individuals who are not GSA Councillors or Alternate Councillors be allowed to speak during the committee elections process.**

Motion to carry. Seconded.

Hardi – point of information – Is there a change in the constitutional by-laws that would allow a student who is not a GSA Councillor to attend meetings and cast a vote?

Chair - GSA members who are not councillors are allowed to attend the meetings, but by-laws do not give them the right to speak.

Hardi – Moves to appeal ruling that this does not conflict with by-law. Seconded. Carried.

Constitution 5.4.1 gives regular members the right to attend meetings and speak forward against motions. The Constitution is clear where the bylaws are not. This enabling motion is declared out of order.

- ii. That all speeches by candidates or a representative of a candidate be not more than two (2) minutes, with the Chair providing fifteen (15) seconds warning and allowed up to fifteen (15) seconds grace.**

Moved. Seconded. Carried.

- iii. **That the Chair of Council and Chief Electoral Officer be authorized to supervise the elections to the Elections and Code of Ethics committees and be authorized to appoint individuals to assist him who are not candidates in that election, representatives of candidates in that election, Councillors, or Alternate Councillors, or a member of the Executive**

Moved. Seconded. Carried.

- iv. **That Council direct the chair of Council ...**

Moved to carry. Seconded. Carried.

#### **b. Elections to the Elections Committee**

Call to membership was sent out, with expressed interest. Candidate statements will be distributed here.

The bylaws suggests that the elections committee is limited to the CEO, and the 3 council positions only.

Those elected to the Elections Committee are mandated to remain impartial, and must sign a declaration of impartiality upon election.

Resignation will allow an Elections Committee member to run for a position.

##### **i. Three (3) Councillors or Alternate Councillors**

Point of information – Hardi expressed concern that the names and candidate profiles of those candidates for Elections Committee was not added to the agenda.

Response: Chair – the call was sent out to council asking for candidates for this committee. No councilors indicated ahead of time that they are running. The current agenda item is to nominate councilors for the Elections Committee. No council names are on the agenda because there were no candidates identified at the time of the agenda distribution.

- David Bennet nominated – declined.
- Jennifer Rychlo nominated – accepted.
- Isaac Pratt nominated – accepted.
- Michelle Whitstone nominated – accepted.
- Cody Manchester nominated – accepted.

## **ii. Three (3) GSA Members who are not Councillors or Alternate Councillors**

Point of information – Hardi expressed concern about exclusion of candidates in agenda.

Chair – an email was sent out via Ziad to call for GSA members to join this committee, including profile request and questions on qualification for position, to be submitted by today’s date. To facilitate fairness, no names were included in agenda and will all be presented today.

Call for nominations of non-council or non GSA members. Once, twice, third. No more nominations.

Candidates:

- Anurag Das
- John-Etienne Myburgh
- Olufemi Ajiboye
- Ericmoore Jossou

Ziad moves to postpone the election of this position to next council meeting, and require candidates’ presence at the election.

Discussion on postponing open:

Rajat opposes postponement because the election committee must begin work immediately. Also suggests that Anurag Das is present, and it is not fair to his time to have to attend twice.

2/3 in favour required for passing, because it changes the agenda.

Motion to postpone, seconded. Votes – motion defeated.

Rajat moves to elect one position tonight, and elect two at the next meeting. Discussion open.

Natalia opposes motion, because the committee needs to meet and all members should be present.

Rajat speaks for the motion, to pay respect to the time that Anurag Das committed to the meeting tonight.

Speaking against the motion – it would not make any sense to vote for this twice. Because we have the candidate statements, there is no need to elect only one today.

Motion requires 2/3. Motion defeated.

**ii. At least 2 GSA Members who are not Councillors or Alternate Councillors**

Motion to amend the motion and restrict candidates to those who submitted a statement. Seconded.
